The screenshot displays the Evernote Business web interface. The top navigation bar includes the user name 'Joshua Scott', a search bar, and a '+ New Note in Meeting Notes & Agendas' dropdown. The left sidebar contains navigation options like 'Announcements', 'SHORTCUTS', 'RECENT NOTES', 'Notes', 'Notebooks', and 'Tags'. The main content area shows a calendar view for 'JULY 2014' with a grid of notes. One note, 'Newsletter Redesign', is highlighted with a blue border and a white circle around its 'Present' button. The right pane shows the content of the selected note, including a title, location, goals, a checklist of design tasks, and an attached 'spreadsheet.xlsx' file. Below the main content, there is a 'Related Notes' section with three smaller note thumbnails.
